

Blackboard Learn 9.1

an improved online learning environment

coming on August 22, 2016

Q4

MOST EXCITING NEW FEATURES:

BLACKBOARD COLLABORATE ULTRA

- Fully redesigned interface
- High-quality video
- Browser-based web conferencing solution
- Speedy launching and simple deployment
- Broadened device support, including Chromebooks
- Audio, video, polling and chat
- Share files, applications or a blank whiteboard
- Record your lecture/web conference session

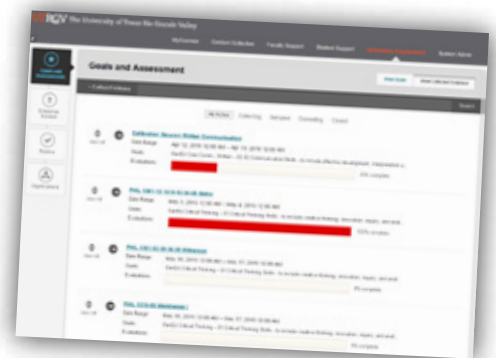

STUDENT PORTFOLIO

- Tell a carefully crafted story to the world about who you are and what you can do
- Share your portfolios as evidence of your skills and future potential
- Use portfolios to apply for jobs, promotions, college to show a transferable skill, and to track your personal development
- Organize a collection of artifacts to tell a story

BLACKBOARD OUTCOMES

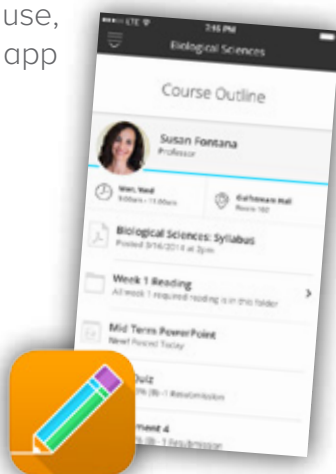

- Make course-embedded assessment a reality
- Automatically collect assignments and the related student submissions directly from Bb course sections
- Making assessment activities quicker and easier for faculty and students, and part of their day-to-day teaching and learning activities

Bb STUDENT APP (Students)

Bb Student is a simple, easy to use, and enjoyable mobile learning app for the on the go, goal-oriented learner.

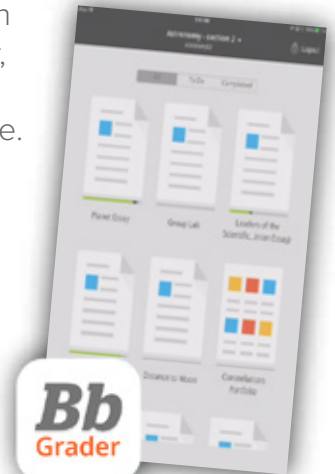

- Activity stream - view prioritized events and actions
- View, complete and submit assignments & tests
- Check grades and academic progress
- Join virtual classes on the go in Bb Collaborate

Bb GRADER APP (Faculty)

We're reimagining education by focusing on the educator, streamlining workflows, and making time more productive.

- Inline viewing of student submissions
- Support for audio-based and video-based feedback
- Seamless integration with Blackboard Learn
- Stay on top of students' progress
